HIGH SECURITY ZONE (“HSTLD”) ADVISORY GROUP**

Date:

Thursday, 11 March 2010 - 14:00 - 15:30

Room:

Tsavo A

Presentation:

[High Security Zone Top Level Domain Program Workshop](#)

Meeting Leaders:

**Greg Rattray** Chief Internet Security Advisor

<http://nbo.icann.org/node/8875?>

---

[12:01] Nick\_Ashton: how's that for chat font size?

[12:02] Eric\_Brunne: fine, but for the future, smaller names, e.g, ebw, and bigger window, at present, input buffer appears to be 30char deep

[12:02] Nick\_Ashton: Thanks for that Eric

[12:02] Eric\_Brunne: personally think slideware over rated in real estate wars

[12:03] Nick\_Ashton: Keep the suggestions coming, we'll work on them for Brussels

[12:03] Eric\_Brunne: i know

[12:04] Craig\_Schwa: is this chat being recorded? we'll need a record of this.

[12:04] Craig\_Schwa: i see two chat rooms running...what should I be using?

[12:04] Nick\_Ashton: only this one

[12:04] Nick\_Ashton: a chat transcript will be available at the close of the session

[12:05] Michele\_Ney: lo again

[12:05] Jothan\_Frak: ihi folks

[12:05] Michele\_Ney: oh look - it's "a" Frakes

[12:05] Michele\_Ney: :)

[12:05] Nick\_Ashton: going AFK now

[12:05] Andy\_Welch: :)

[12:06] Eric\_Brunne: how many in the room?

[12:07] Pat\_Kane: 6 in reston

[12:07] Eric\_Brunne: hi pat

[12:07] Pat\_Kane: hello eric

[12:07] Jothan\_Frak: Greg had just said 30 or so in Nairobi

[12:07] Eric\_Brunne: thx

[12:07] yurie: 35-40 people in the room

[12:07] yurie: at Nairobi

[12:07] Jeff\_Schmid: 39 in Adobe Connect  
[12:14] Craig\_Schwa: andy, you now have control of the slides.  
[12:20] Jothan\_Frak: 8 people now in Reston  
[12:20] Michele\_Ney: 1 person in Carlow :)  
[12:32] Craig\_Schwa: Rick Wilhelm in the que here.  
[12:32] Jothan\_Frak: Can you speak slower  
[12:33] Jothan\_Frak: thank you  
[12:37] Rick\_Wilhel: odd echo  
[12:38] Rick\_Wilhel: thanks Andy  
[12:39] Andy\_Welch: Thanks Rick!  
[12:39] Jothan\_Frak: please slower  
[12:39] Jothan\_Frak: please talk slower  
[12:40] Craig\_Schwa: Mikey O'Connor wants in the que.  
[12:41] Eric\_Brunne: if a hz tld exists, and some hs property is asserted to exist in registrars accessing that hz, then "equal access" becomes conditional, if decertification is possible  
[12:41] yurie: got it  
[12:43] Eric\_Brunne: @micky +1  
[12:44] Michele\_Ney: Has any outreach been made to banks etc?  
[12:45] Craig\_Schwa: Banks, and specifcly BITS, have been active in the AG.  
[12:45] Eric\_Brunne: you got it!  
[12:46] Michele\_Ney: Craig - acronym soup - sorry - no idea who / what BITS is!  
[12:46] Karen\_Lentz: <http://www.bitsinfo.org/>  
[12:47] Karen\_Lentz: financial services industry consortium  
[12:47] Michele\_Ney: ok - thanks, but is that international or US only?  
[12:47] Eric\_Brunne: or junk registrants  
[12:47] Michele\_Ney: it looks like it's US only  
[12:48] Eric\_Brunne: yes  
[12:48] Amos: Michele: looks like US only  
[12:49] Eric\_Brunne: comment -- we (CORE) have approached european finacial institutions, with success, and US institutions, without success, until june of last year  
[12:50] Michele\_Ney: Eric - so are any of them giving feedback?  
[12:50] Eric\_Brunne: so first+bits welcome  
[12:54] Michele\_Ney: +1 Evan  
[12:54] Mikey: Evan's mic is very faint  
[12:54] Mikey: can't hear the mic  
[12:55] yurie: could you hear?  
[12:55] Michele\_Ney: barely  
[12:55] Michele\_Ney: mic is very quiet  
[12:55] Michele\_Ney: I heard Slmon  
[12:55] Michele\_Ney: Mikey probably didn't  
[12:55] Mikey: louder please  
[12:55] Michele\_Ney: but he's an elder lemon :)

[12:59] Michele\_Ney: what time is it in Nairobi?  
[12:59] yurie: 1500pm  
[12:59] Michele\_Ney: yurie - that's what I thought ..  
[12:59] yurie: :)  
[13:00] yurie: we got one person que here in Nairobi  
[13:00] yurie: q from SOCA rep  
[13:02] Michele\_Ney: just looking at timetables and getting confused  
[13:02] Michele\_Ney: at least I now know that the hour isn't the issue  
[13:10] Michele\_Ney: oh I remember him from Seoul AND London :)  
[13:11] yurie: greg is back here  
[13:15] yurie: one individual here on que  
[13:15] Eric\_Brunne: don't know why the status changed from "hand up" to not  
[13:16] Eric\_Brunne: i'm talking but ...  
[13:16] yurie: noone from Nairobi  
[13:16] Kathy\_Kleim: we can't hear you  
[13:16] yurie: we cannot hear  
[13:16] yurie: as well  
[13:17] Eric\_Brunne: yes  
[13:17] yurie: Eric we cannot hear you  
[13:17] Michele\_Ney: we hear you  
[13:18] Jothan\_Frak: just continue  
[13:18] Michele\_Ney: just speak  
[13:18] Eric\_Brunne: i'll just type  
[13:18] Michele\_Ney: it's very weird experience  
[13:18] Eric\_Brunne: 2 years core has been working on fintlds, up until recently  
[13:18] Michele\_Ney: had the same thing on Tuesday  
[13:18] Eric\_Brunne: bofa feedback has been "its just rebranding"  
[13:18] Eric\_Brunne: right  
[13:18] Eric\_Brunne: rithg  
[13:19] Eric\_Brunne: right  
[13:19] Eric\_Brunne: "security" is more than just "rebranding"  
[13:19] Eric\_Brunne: yews  
[13:19] Eric\_Brunne: yes  
[13:19] Eric\_Brunne: thanks  
[13:19] Eric\_Brunne: we may have a european regime and an american regime  
[13:20] Jothan\_Frak: eric can you mute mic  
[13:21] Eric\_Brunne: thanks for the audio boost all!  
[13:21] Michele\_Ney: fascinating stuff  
[13:22] yurie: thanks!  
[13:22] Eric\_Brunne: thanks co-chairs and craig!  
[13:22] Andy\_Welch: Thank you everyone!
